

Hello Briar Creek and Briarwood Neighbors—

We hope you're enjoying this beautiful day!

We wanted to make sure that you knew about the next phase of our expansion and renovation. We are preparing to build our new patient pavilion which will help enhance our patient care and experience.

As that work begins, it is necessary to permanently close a portion of the hospital's main parking lot beginning **Monday, March 11**.

Designed to create continuous platforms of care that support clinical excellence, the new hospital pavilion will include:

- 104 Private Inpatient Rooms
  - 70 Medical/Surgical Rooms
  - 34 Critical Care Rooms Combined into One Cohesive Unit
- 30-Bed Observation Unit Adjacent to the Emergency Department
- Education Center with Multiple Meeting Rooms
- Tranquil Garden
- Gift Shop
- Admitting/Registration

It is expected to be completed in 2021.

Our new four-story parking garage with 952-spaces is open and will provide parking for hospital patients and visitors. The public garage entrance is off of Mease Drive. To access the garage turn into the driveway of that runs between the garage and the physicians' office parking lot. The entrance to the garage will be on your right.

After parking, patients and visitors will enter the pedestrian walkway from the second floor and then take stairs or an elevator down to the ground level, following marked walkways to the hospital entrance. Parking is free and complimentary valet service will continue.

Attached for your reference is a parking map.

Thank you so much for your patience as we continue to work to improve our hospital!
